

2017 Adult Class Summaries

Bro. Bill Yake

Lord willing, my class for the 2017 GLCBS will be entitled "Considerations from the Book of Amos." Here is a brief synopsis. This class will provide a thematic and in-depth look at the timely message of the eighth century prophet Amos. His message still resonates for our modern age and has much meaning for God's people of all ages. In particular, we will examine his message concerning sin, judgment, repentance, hope and restoration. We will explore how Amos addressed issues of social injustice, materialism, arrogance and corruption, and we will contrast them with the biblical models of righteousness, spirituality, humility and kindness.
