

So you think you know the Apostle Paul?

Bro. Jason Larsen

As a kid in Sunday school, lessons on the Apostle Paul were frequent... and then frequently forgotten. Classes on "Saul" \ "Paul" didn't stick because they didn't effect me in a way that made me understand who he was (and what he went through). They weren't personalized. The stories were just words on a page... blah blah blah. I hope this class changes your thoughts on the biblical account of this extraordinary man, and as a result... changes you. It would be impossible in 5 days to cover his entire life and all he went through, so this class will focus on these 5 items:

Day 1 - I Once Was Blind

Day 2 - A Fresh Start

Day 3 - Missionary Monotony?

Day 4 - On Trial

Day 5 - In the Boat With Paul
